# Outstanding students in Pakistan win awards from Cambridge International

### Winners include 40 students who achieved highest marks in the world in Cambridge exams

Cambridge Assessment International Education is delighted to announce the winners of the Outstanding Cambridge Learner Awards, in Pakistan. The awards celebrate the outstanding academic achievements of students in Pakistan in the June 2022 Cambridge examination. Many schools will be hosting individual awards ceremonies to celebrate their learners' achievements.

In total, 277 students in Pakistan received 304 awards for exceptional performance in Cambridge examinations, including 40 students who attained the highest marks in the world in a Cambridge exam, and 43 students who attained the highest marks in a single subject.

The Outstanding Cambridge Learner Awards programme celebrates the success of learners taking Cambridge

examinations in over 40 countries around the world. Cambridge International places learners at the centre of their international education programmes and qualifications which are inspired by the best in educational thinking.

Uzma Yousuf, Country Director, Pakistan, Cambridge Assessment International Education said: 'I am delighted to congratulate learners from Pakistan on their academic achievements in the June 2022 Cambridge examination series. The awards reflect the talent and hard work of learners and acknowledge the dedication and commitment of both teachers and parents. We hope that this recognition of academic success will encourage learners in their future education and careers.'

The awards also celebrate the achievements of those learners who have been recognised for 'High

Achievement', based on outstanding performance in subjects which are not yet so widely taken in Pakistan, and learners who have achieved the total highest cumulative marks across several subjects. The winning learners out-performed thousands of candidates worldwide who sat Cambridge O Levels, Cambridge IGCSEs and Cambridge International AS & A Levels examinations in June 2022 series.

Speaking on this occasion, Ben Schmidt, Director, International Education at Cambridge University Press and Assessment said: "We all know that a quality education is the greatest driver to transforming communities, societies, and lives. Our students gathered here today are a testament to that, and I want to acknowledge all of you for your brilliance, your ambition, your strength, and for simply being outstanding."

Outstanding Cambridge Learner Awards are a group of awards issued by Cambridge Assessment International Education that recognise exceptional learner achievement in Cambridge examinations around the world.

# North Pakistan

Top in North Pakistan 'Top in North Pakistan' is awarded to learners who have achieved the highest standard mark in their region for a single subject.

### Notes to Editors:

About Cambridge Assessment International Education

Cambridge Assessment International Education prepares school students for life, helping them develop an

informed curiosity and a lasting passion for learning. We are part of the University of Cambridge.

Our Cambridge Pathway gives students a clear path for educational success from age 5 to 19. Schools can shape the curriculum around how they want students to learn – with a wide range of subjects and flexible ways to offer them. It helps students discover new abilities and a wider world, and gives them the skills they need for life, so they can achieve at school, university, and work.
